

**THE 3905 CENTURY CLUB, INC.**  
**TRI-POINT AWARD APPLICATION**

(MIXED BAND/MODE)  
(ENDORSABLE)

The Tri-Point Award is earned for submitting QSL cards confirming contacts made with or from US and/or Canadian Tri-Points as outlined below.

**DEFINITIONS:**

**TRI-POINT** – A location where the boundaries of 3 or more states/provinces/territories of the US and/or Canada, meet at a single point. US states also include the District of Columbia for the purposes of this award. The four locations of a quad-point may not be mixed and matched to make multiple tri-points. A quad-point is a single tri-point, not multiple tri-points.

**REQUIREMENTS:**

1. All applicants for this award must hold a 3905CC 100-Point Certificate on any band/mode.
2. All contacts must be made on *The 3905 Century Club, Inc.* awards nets and may be on any bands/modes.
3. All contacts must be made on or after **July 1, 2016**.
4. All QSL cards applied toward this award may have been used on prior awards other than the Tri-Point Award, and may be used on other Club awards that do not specifically restrict their use.
5. **It is highly recommended that each QSL card you send for each contact made with/from a station on a tri-point contain the word "tri-point" and also list the specific dry tri-point the contact was made with or from.**
6. QSL cards must NOT be altered or augmented by the recipient. If you receive an inadequate card, request a replacement.
7. The **Border Patrol** version of this award is earned for four (4) confirmed contacts made **while operating from** each of ten (10) different tri-points. Endorsements are available in increments of five (5) additional tri-points, **and for 49 tri-points**, with four (4) confirmed contacts required while operating from each additional tri-point.
8. The **Tourist** version of this award is earned for confirmed contacts made **with** each of twenty (20) different tri-points. Endorsements are available in increments of ten (10) additional tri-points, **and for 49 tri-points**, with one confirmed contact required with each additional tri-point.  
**NOTE:** The difference in the contact requirements between the "Border Patrol" and "Tourist" versions of this award are intended to reflect the relative effort and difficulty involved in making those contacts.
9. Proximity – It will not always be possible to operate directly on a tri-point, or even within a number of yards of one. You may claim to be operating from a tri-point if you are as close as you can get to the tri-point consistent with the safety of yourself and others, **AND** you are no more than ½ mile from the actual tri-point location. In no case may you be more than ½ mile from the actual tri-point location, and then only if safety is a valid concern. If you should be ashamed if the entire Board of Directors were to appear next to you while you are claiming to be on a tri-point, then you are not close enough.
10. This award may be earned multiple times with the provision that the recipient must earn all available endorsements before submitting any applications for a second Tri-Point Award series.

11. In the event someone wishes to challenge the wet/dry status assigned to a tri-point, the challenger must provide several specific authoritative active links and preferably copies of several different specific authoritative references to back up the challenge to the Awards Committee before the challenge will be considered.
12. The Awards Committee has NOT researched the requirements and possible pitfalls you may encounter when attempting to work every Tri-Point listed in this award. Some may represent an impossible situation for a passenger vehicle while others may be located on land that requires permission to access. At least one is in a Historical Park that requires permission for access after hours, and several are on mountain peaks. It is your responsibility to research these details before heading out to work a Tri-Point. If you will report the difficulties you encounter, they will be noted in this application.
13. If questions about interpretation of the requirements for this award arise, and you can't reach agreement with your Area Awards Manager, please contact the Awards Committee whose decision on interpretation will be final. The Awards Committee will contact all involved before rendering a decision. In drafting this award, the Awards Committee relied on the publication "TRI STATE CORNERS IN THE UNITED STATES" by Jack Parsell, 3<sup>rd</sup> Edition, 4<sup>th</sup> Revision Feb 2002, as its primary reference for US tri-points. The free software program "Google Earth" was used for Canadian tri-points.
14. Locations along the USA/Mexico border will **NOT** be considered for credit toward the Tri-Point Award due to the uncontrollable danger inherent in operating from such locations.

#### **SUBMITTING APPLICATIONS:**

1. After first assuring that each card used toward this award conforms to all of the requirements above, refer to the standard instructions contained in the most recent version of the application for the 100-Point Award, the SWL Award, or on our web site (Awards Program, Awards Programs Basics), or included with this application if it was obtained by postal mail, for submitting applications and paying awards/endorsement fees.

**PLEASE MAIL IN ONLY THE APPLICATION FORM WHEN SUBMITTING YOUR APPLICATION !!!**

**LIST OF ALL DRY US/CANADIAN TRI-POINTS**  
(SOME OF THESE DRY POINTS ARE VERY DIFFICULT TO REACH)

TRI-POINT	COMMENT	TRI-POINT	COMMENT
AB-BC-MT	On icy mtn peak	GA-NC-TN	Easy
AB-BC-NT	Remote	IA-MN-SD	Easy
