

Greetings, 3905ers!

My mention of the new award idea last week generated some enthusiastic chatter on the reflector. If the Board passes it tomorrow night, I hope the enthusiasm will translate to lots of check-ins and award chasing.

This week, we issued twenty-three awards, endorsements, and certificates of appreciation. They were earned by thirteen members in six call areas. Although we picked up no new members, we signed up one Old-Timer and issued a big progressive award.
