Vol. 10, No. 2 THE 3905 CENTURY CLUB, INC.

July, 1989

From Your Editor

by K4KWN

Fall is just around the corner and with it should come better conditions for the high bands. We note that N05C has been very active on 40 meters garnering 5 awards since the last issue of the "Centurion" was published. KB0ATZ has also collected 5 awards, 4 of them on 75 meters and one on 40. Spence, K0AFY, collected a 5000 Point Award on 40 meters...he should have about awards now to redecorate his shack in fine style. But the top award recipient for this issue goes to N2CFD who has received **SIX AWARDS** including a 3000 Point Award on 75 meters. Outstanding success!

Some subscribers have not noticed their subscription expiring. The mailing label indicates the expiration by issue and volume number. This is Vol. 10, Number 2 (102). To the right of your call sign is a couple of groups of numbers and/or letters. The second set indicates the last issue you will receive on your current subscription.

Along with the awards list we have a cartoon (source is unknown) which we hope you'll find amusing. Another message from Megalopolis is included as is an up-to-date list of Officers and Directors for the Century Club.

A "Tip of the Hat" to Pauline Course, WA9CNV, for the thankless job of handling all of the Century Club QSL Bureaus. Your hard work and diligence is greatly appreciated!

Inquires to:

Bob Hall, K4KWN, "Centurion" Editor, 3125 Lynnwood Way, Jeffersonton, KY. 40299

Message from Megalopolis

by Header O. Dyne

Header O. Dyne's nephew and namesake who is also the superintendent of schools in Megalopolis (Super Header O. Dyne), experienced a problem which is not really unique in the educational system. In one of his schools there was a young man of whom it could be said, "rowed real hard but just didn't have both oars in the water". In fact, he was so dumb that the dog which he had raised from a puppy refused to come to him when called in public.

It must be noted that Header was rather well-to-do. In fact, he had more than enough money to burn a wet mule! With this in mind, Super contacted Header about finding some job for the young man.

"W-a-a-l-l, I tell ya' what. I'll jist hire that boy to polish my tower and pay him \$3.35 an hour to do it" responded Header. So the young man started the very next day.

Day in and day out for more than six months, the young man showed up promptly at 8:00 am and polished and polished til 5:00 in the afternoon. One afternoon, though, after finishing for the day, the young man came to Header and announced that he was quitting.

"Whatcha' going to that fer?", asked Header.

"W-a-h-l..." began the young man, "for all this time I've been a-workin' polishing up yore tower. I've thunk about it real hard and the idea came to mind, "Why should I be a-workin' fer someone else?", so I started saving my money. At the end of today's work, I figger I got anough money to buy my own tower. Monday, I'm going into business fer myself!"
